

Capture, create and share with this all-in-one digital media suite.

Share from your PC to the latest devices, phones and tablets

NEW FEATURES

- Up to 10x* faster video rendering
- New and enhanced music libraries
- Faster audio conversion
- Sharing to more devices, including:
 - The latest phones and tablets
 - Xbox One
 - PlayStation 4

VIDEO+MOVIES

Turn your video into Hollywood-style movies and DVDs.

- Up to 10x* faster video rendering
- Easily edit standard and HD videos
- Add pro-quality video effects, including picture-in-picture, titles and scrolling credits
- Rotate video with one click; auto-adjust color, brightness and contrast
- Stabilize shaky video taken with handheld cameras
- Turn standard videos into 3D movies, edit in 3D and create 3D DVDs

PHOTO

Easy photo editing and creative tools make every picture perfect.

- Organize, tag and manage your photos
- Easily retouch photos
- Share on Facebook, Flickr and more
- Stitch multiple photos together into panoramic images
- Fix red eye, erase wrinkles and blemishes, even restore old photos
- Make cards, calendars and other keepsakes

MUSIC+AUDIO

Enhance your music collection.

- Rip tunes from CDs and music DVDs
- Digitize and clean up LPs and tapes
- Record Internet radio or any other music playing on your PC
- Edit your audio tracks, enhance them, remove unwanted noise and more
- Mix favorite songs into DJ style mixes with crossfades and rhythm synchronization
- Automatically add title, artist and genre details to your audio files—without retyping.

SHARING

Capture, convert, share and enjoy your videos.

- Capture streaming video from YouTube or other popular web sites
- Convert standard, HD or AVCHD videos for your PC or big-screen TV
- Convert your video to DivX format to enjoy on DivX-certified devices, such as the PlayStation 3, DVD players, mobile phones and more
- Convert video for iPad, Xbox One, PlayStation 4, Kindle Fire, Android devices & smartphones

DATA+COPY

Protect your data and media files on CDs, DVDs and Blu-ray Discs. Rip, archive, copy, compress and span large files easily.

- Burn or copy discs right on your desktop
- Protect your data and media files with disc encryption and passwords
- Archive up to 50 GB on Blu-ray Discs
- Back up to hard disk, network, DVD or Blu-ray Disc. Schedule unattended backups, or do it manually.
- Easily copy CDs, DVDs and Blu-ray Discs**. Compress a 9 GB movie onto a 4.7 GB DVD.

**Does not rip or copy encrypted or copy protected content.

BUILT-IN TUTORIALS

Learn how to edit video, burn DVDs, mix playlists, create photo slideshows and much more with dozens of Creator's built-in video tutorials and printable PDF instructions.

*When editing AVC (H.264) video format and producing video in the same format.

Minimum System Requirements:

Internet connection is required for product installation

Microsoft® Windows® 8 (32- or 64-bit), Professional (32- or 64-bit), Windows 7 SP1 Home Premium, Professional or Ultimate (32- or 64-bit), Windows Vista® SP2 (32- or 64-bit), Windows® XP SP3 (32-bit)

For data burning or copy, audio capture and editing: Intel® 1.6 GHz Pentium® 4 Processor or AMD equivalent, 1 GB RAM. For video or photo editing, conversion and playback, Intel Pentium® 4 2 GHz processor or AMD equivalent and 2 GB RAM. Multi-core processor highly recommended
