

# Roxio® Game Capture HD PRO

Version 2.0, June 2014

---

## What's new in Game Capture HD PRO?

Roxio® Game Capture HD PRO is the all-in-one solution for recording and sharing console gameplay. The following new features make it even easier to capture and share your gameplay.

- Sony PlayStation 4 and Xbox One support
- Enhanced compatibility
- Easy, flexible auto-capture
- Flags to help you find favorite gameplay moments
- SmartEncode
- YouTube Live support

### Sony PlayStation 4 and Xbox One support

Support for the latest gaming consoles: Sony PlayStation 4 and Xbox One. For instructions and tips on setting up your console, visit [www.roxio.com](http://www.roxio.com).

### Enhanced compatibility

Compatible with MP4 AVC and M2TS file formats.

### Easy, flexible auto-capture

Use Pre-Roll to set a block of recording time that automatically rolls forward as you play. For example, choose a 15 minute block and start playing. At 30 minutes into your game, you can click Save to preserve the last 15 minutes to a video clip and keep playing. Pre-Roll lets you capture the moments you want without taking up the system resources required for continuous recording. You can set a Pre-Roll time of up to 60 minutes; choose whatever length of time works best for you and your computer system.

## How to use Pre-Roll

- 1 In the **Roxio Game Capture HD PRO** window, click the **Options** button.
- 2 On the **General** tab, set the number of minutes in the **Pre-Roll Duration** box, and click **OK**.
- 3 Click the **Start Pre-Roll** button.
- 4 At any point during gameplay, click the **Save** button  to save a video clip.
- 5 Click the **Stop Pre-Roll** button to turn off Pre-Roll.

## Flags to help you find favorite gameplay moments

Like bookmarks or chapter markers, you can set flags so that you can easily find favorite gaming moments in your video clips.

## How to set and find flags

- 1 Click the **Start Capture** button in the **Roxio Game Capture HD PRO** window.
- 2 During gameplay, click the **Flag** button  to mark a favorite moment.
- 3 After you click the **Stop Capture** button, you can find your flags by opening your video clip in the **Roxio VideoWave** editor, and clicking the **View Flags** button .

## SmartEncode

SmartEncode lets you substantially reduce rendering time for edited videos by selectively rendering only the parts of a video that have changed.

## YouTube Live support

In addition to Twitch, Game Capture HD PRO now supports live streaming to YouTube Live.

### **How to set up live streaming to YouTube Live**

- 1 Click the **Live Stream** button in **Roxio Game Capture HD PRO** window.
- 2 Set up your YouTube Live account using a new or existing YouTube account. Your account must be verified.
- 3 Set the live streaming settings you want and start your gameplay.
